fyi: Curt Grisham called yesterday late afternoon and talked with both myself and John Meyer.
Any updates or anticipated timeframe on his email concerning Arkansas WQS review?

Hi Russell,

I'll be forwarding the requested original email next.

Please cc myself, Carlos Sanchez, and John Meyer on any final 6WQ determination or response.

The Grishams are landowners of a property on which a superfund site is located in Omaha, AR. The site integrates Arkansas WQS standards as part of the gw remedy.

Thanks,

Steve,

I understand that you originally received the email from Cur Grisham and his concerns about the AR standards revision.
I've been asked to look into it.
Could you please forward me that email?

Thanks!

Russell
